We Bring Joy

We are Made in Japan (MIJ) – an exclusive importer and distributor of the identically named brand “Made in Japan”, a brand of hand-crafted ceramic tableware sourced directly from Japan. For over 30 years we have been importing high-quality hand-crafted tableware from family kilns in Japan to our central warehouse in Melbourne, Australia and in 2016 we have established a second central warehouse in Prague, Czech republic to service our partners in Europe.

Our Japanese ceramic tableware is manufactured using traditional craftsmanship handed down from generation to generation, produced in fair conditions, from local clays, with natural glazes and by local artisans in small family kilns. Over the years, we have built strong business relationships with the kilns and we can provide you with second to none supply chain service and B2B conditions while the unique and eye-catching design of our products will bring your dishes/tableware portfolio to another level.

As Kitaoji Rosanjin, celebrated Japanese artist and ceramicist said: **“If clothes make the person, dishes make the food. The dish is the kimono of the food”** (1935)

We are convinced that **Made in Japan will be the kimono for your dishes** or it will be the pillar of your tableware category.
